EDUCATION

Sep 2024 — Jun 2026	Master's in Information Systems <i>Uppsala University</i> Artificial Intelligence and Machine Learning, Big Data Analytics, Agile Methods, Digital Infrastructure, Contemporary Software Development, Designing for Digital Innovation, Social Science Research Methods for Studying the Digital Society	Uppsala, Sweden
Sep 2019 — Jun 2023	Bachelor's in Information Management and Systems <i>Shanghai Institute of Technology</i>	Shanghai, China
Aug 2021 — Jan 2022	Exchange Program in Informatics and Business Studies <i>Halmstad University</i>	Halmstad, Sweden

INTERSHIPS

Feb 2026 — Present	Business Development Representative, Devoteam - Identified and qualified 234 target accounts and key decision-makers, building a pipeline for cloud and AI solutions; executed personalized outbound campaigns via email & LinkedIn & phone calls, within 2 months, and converted outreach into one successful client meeting. - Designed and implemented an AI-powered prospecting workflow using Google Gemini and NotebookLM to automate lead research and message generation. Developed a custom tracking dashboard (vibe-coded web app) with Gmail integration to visualize cold email performance, enabling data-driven iteration and reducing manual prospecting effort by ~30–50%, significantly improving outreach scalability. - Proactively engaged in AI-focused client interactions (e.g. AI Agent Lab at Google Stockholm, AI Labs Live at Devoteam), expanding network and initiating conversations with 48 potential clients, while collaborating with sales & marketing on GTM initiatives and CRM optimization.	Stockholm, Sweden
Aug 2024 — Present	International Digital Ambassador, Uppsala University - Created and published 700+ digital content pieces across official channels (Instagram @studyatuu, blog, YouTube), reaching 18.9K+ followers and supporting international student recruitment. - Engaged with prospective students by handling 20+ inquiries/week via social media and digital platforms, improving response efficiency and user experience. - Contributed to digital outreach strategy by addressing key decision factors (e.g. study experience, relocation), enhancing content relevance and engagement.	Uppsala, Sweden
Sep 2023 — Mar 2024	Global Operations Intern, United Nations Global Compact (UNGC) - Supported operations for high-level global events (e.g. UN General Assembly, SDG forums), coordinating logistics and stakeholder communication across multi-regional participants. - Conducted research on corporate sustainability practices across 150+ multinational companies, contributing insights for internal reports and event preparation. - Managed stakeholder inquiries and internal coordination across 10+ Local Networks, improving response turnaround and workflow efficiency.	New York, USA
Dec 2022 — Mar 2023	MarComs&Events Intern, British Chamber of Commerce Shanghai - Managed digital content across multiple channels (Website, WeChat, LinkedIn, newsletters), supporting communication with an international business audience of 5K+ members/followers. - Coordinated logistics and stakeholder communication for 10+ business and networking events.	Shanghai, China
Aug 2022 — Nov 2022	Market Research Intern, Education in Motion - Conducted desk research and basic data analysis on the international education market, reviewing 20+ education groups and 500+ industry events. - Summarized findings to support internal discussions on market trends and potential opportunities.	Shanghai, China

LEADERSHIP EXPERIENCE/EXTRA-CURRICULAR ACTIVITIES

Sep 2024 —	Club Worker/Club Master/International Secretary/Equality Officer, Kalmar Nation Supported organization and execution of social and cultural events within a large student organization. Coordinated volunteers across pub, kitchen, and formal dinner (Gasque) operations to ensure smooth event delivery.	Uppsala, Sweden
